Artem Pchelenkov
JUNIOR FRONT-end DEVELOPER

SUMMURY

I'm hardworking and self-motivated with a responsible attitude towards work. I'm a quick learner and easily trained when it comes to achieving both the goals my company sets and the ones I set myself. I enjoy working in a team and under pressure and I love analysing problems and finding solutions. I have knowledge both in Front-end and product testing (I have finished course "Testing Web-oriented applications").
I'm eager to start my career as a Junior Front-End Developer.

SKILLS

LENGUAGES
JavaScript, HTML/CSS

FRAMEWORKS / LIBRARIES
Bootstrap, React, JSON, Node.js, npm

PREPROCESSORS
Less, Sass

PRODUCTS / METHODOLOGIES
Git, GitHub, Docker

EXPIRIENS

2018 / 2019

Junior Front-end Developer
IT Academy Step - Minsk, Belarus

I'm passionate about developing high quality and maintainable software, exploring modern technologies and using best   practices (writing simple and clean code using OOP design patterns). I successfully completed the JavaScript Fundamentals course at the IT Step Academy in 2019.

During the training, the following skills were obtained:
- Ability to use HTML and CSS (preprocessor CSS: Less, Sass).
- Understanding the fundamentals of JavaScript.
- Knowledge and use of frameworks and libraries (React.js, Bootstrap).
- Knowledge and use of the Git Version Control System.
- Ability to customise the npm Package Manager.

2013 / 2019

Shift Supervisor
Royal Canin - Minsk, Belarus

- In charge of shift changes.
- Managing a team of 12.
- Drawing up the annual Personal Development Plan, to plan and encourage the development of employees.
- Implementation of quality and food safety standards, such as HACCP, DQM, and Workflow.
- Leading projects to expand and improve the efficiency of the warehouse.
- Preparation and writing of instructions and procedures, keeping records.
- Working with accounting software such as Navision and WMS Solvo.
- Acceptance and dispatch of goods.
